Stefanie Freilinger, B.Sc. – Senior Mining Reclamation Advisor

Saskatoon, Saskatchewan – Darrell Haight, President and CEO of Trace Associates Inc. (Trace) is pleased to welcome Ms. Stefanie Freilinger to the position of Senior Mining Reclamation Advisor. Stefanie will provide intermediate reclamation advising to Trace's growing mining sector clients.

Stefanie Freilinger

Stefanie brings more than 10 years' experience in reclamation, specializing in establishing ground cover for hard rock mining operations. Her research and work focuses on using data analysis to uncover relationships among growth mediums, plant species, and fertilization techniques to develop optimal growing conditions for site specific mine locations. Stefanie has developed vegetation monitoring programs and reclamation plans utilizing GIS and on-ground observation. She will also work with the Trace's reclamation team to assist with unique revegetation challenges for our oil and gas clients.

"Stefanie strengthens our reclamation services, particularly for the mining sector," says Haight. "Her commitments to technical excellence and client service align with Trace's core values. We are pleased to have Stefanie join our Saskatoon team and look forward to expanding our mining work."

About Trace Associates Inc.

Founded in 2006, Trace is a 100% employee-owned environmental consulting firm serving Western and Northern Canada. Trace's team of energetic professionals is capable of managing and efficiently completing all types of projects. Our core values are simple and guide everything we do: safety, excellence, and balance.

Trace provides environmental consulting services to oil and gas, mining, industrial, forestry, real estate, development, and government clients during all stages of the project life cycle (planning, construction, operation, decommissioning, and redevelopment). Our operations are located in Alberta (Calgary, Edmonton, Lethbridge, and Stettler), Saskatchewan (Saskatoon), and British Columbia (Kelowna).
