

Junior Environmental Scientist

Trace Associates Inc. (Trace) is a 100% employee-owned environmental consulting firm advising the energy, mining, industrial, forestry, real estate, and development market sectors. We provide services in environmental site assessment (ESA), remediation, reclamation, spill response, liability assessment, environmental auditing, GIS, regulatory advisory, and facility decommissioning.

Our Vision is to be the most respected specialized environmental consulting firm in Western Canada and our Mission is to be safe and be the best. Our Core Values are safety, excellence, and balance.

THE OPPORTUNITY
Due to continued growth,
we are seeking a Junior
Environmental Scientist
based out of our
Lethbridge, Alberta office.

YOUR RESPONSIBILITY

- Assist with field work relating to restoration and reclamation projects.
- Assist with the management of contractors.
- Assist with work plans and cost estimates, and summarize field and laboratory data for senior consultant review.
- Participate in field-based projects (primarily in Alberta).
- Help to foster relationships with clients.

YOUR PROFILE

- University degree(s) in environmental science, forestry, biology, or soil science.
- Eligible for membership as a Professional Agrologist (P.Ag.), Professional Biologist (P.Biol.), or Professional Forester (RPF).
- A Master's degree and agricultural background are considered assets; however, not required.
- An enthusiastic attitude, ability to multi-task, and a passion for consistently delivering outstanding work.
- An eagerness to work with a dynamic team and a growth oriented company.

For further information or to apply, quote position no. CAN-AB-LETH-0500-08 and email your resume to info@traceassociates.ca or visit TraceAssociates.ca

We thank all those who apply; however, only those selected for interviews will be contacted.
