## **Trace Associates Staff Flood Relief Efforts**

Trace Associates Inc. (Trace) would like to thank our staff for all of their efforts in aiding those in need during recent flooding in southern Alberta. Staff from all offices got involved in the efforts. Over \$1,500 in cash and desperately needed items (clothing, bedding, baby formula, diapers, car seats) were donated by staff to various agencies throughout the region, and over 200 hours of staff time were spent volunteering. As a corporation, Trace donated \$1,000 divided between the Calgary Humane Society, the Calgary Drop-In & Rehab Centre, and Inn from the Cold.

“This flood event has affected everyone, including our staff, clients, vendors, and friends and family,” says Trace President Darrell Haight. “Trace considers it our corporate responsibility to assist the communities in which we work in any way we can, and we wanted Trace staff to have the freedom to help out as much as they could. I am very proud of the effort and generosity that was put forth.”

### **About Trace Associates Inc.**

Founded in 2006, Trace is a 100% employee-owned environmental consulting firm serving Western and Northern Canada. Trace’s team of energetic professionals is capable of managing and efficiently completing all types of projects. We take pride in our enthusiasm, focus on safety, and client responsiveness.

Trace provides environmental consulting services to oil and gas, real estate, development, government, forestry, mining, and industrial clients during all stages of the project life cycle (planning, construction, operation, decommissioning, and redevelopment).
