## **Corey Shilliday, and New Weyburn and Lethbridge Office Announcement**

Calgary, Alberta – Darrell Haight, President of Trace Associates Inc. (Trace), is pleased to welcome to Trace Mr. Corey Shilliday, B.Sc., P.Ag., to the position of Senior Soil Scientist and Division Manager – Lethbridge, Alberta. Mr. Shilliday will be responsible for starting up and managing Trace’s Lethbridge office, and will provide senior technical support on a range of projects within Trace’s natural sciences, remediation/reclamation, and government services portfolio.

Additionally, Trace is pleased to announce that Mr. Curtis Clark, B.App.Sc.(EM), A.T.T., will be relocating from our Edmonton office to Weyburn, Saskatchewan to lead our operations in Southeastern Saskatchewan as the Weyburn Division Manager.

### **Corey Shilliday, B.Sc., P.Ag.**

Mr. Shilliday has more than 16 years of experience in the environmental industry in Alberta and has worked on a variety of projects within the oil and gas, agri-food, and government sectors. A Montana State University graduate, Mr. Shilliday began his career with Alberta Agriculture and has been consulting as a Professional Agrologist.

Mr. Shilliday has extensive experience undertaking pre-disturbance assessments, managing wellsite reclamation and remediation, conducting soil inventories for irrigation and pipeline projects, and evaluating surface and shallow groundwater quality.

### **Curtis Clark, B.App.Sc.(EM), A.T.T.**

Mr. Clark started with Trace in 2008 and leads a variety of projects related to oil and gas spill response and remediation in Saskatchewan, Manitoba, and Alberta. A Lakeland College graduate, Mr. Clark also has experience with operating upstream oil and gas facilities for an international oil and gas company.

### **President’s Remarks**

“We are excited to build our presence in Southeastern Saskatchewan with a committed future leader in Curtis Clark, and to add a senior soil scientist with Corey Shilliday’s skill set and background.” Haight says, “Corey’s background strengthens our reclamation and soil science depth of knowledge, and Curtis gives us a strong presence in Saskatchewan where we’ve been working since 2006.”

### **About Trace Associates Inc.**

Founded in 2006, Trace is a 100% employee-owned environmental consulting firm serving Western and Northern Canada. Trace’s team of energetic professionals is capable of managing and efficiently completing all types of projects. We take pride in our enthusiasm, focus on safety, and client responsiveness.

Trace values its employees and provides a rewarding, collaborative, and secure working environment. At Trace, team members benefit from the opportunity to work on projects with renowned clients, take ownership in the company, and grow and develop their careers and skill sets within the firm.

Trace provides environmental consulting services to oil and gas, real estate, development, and industrial clients during all stages of the project life cycle (planning, construction, operation, decommissioning, and redevelopment).
