## New Satellite Office: Didsbury, Alberta

Calgary, Alberta – Darrell Haight, President and CEO of Trace Associates Inc. (Trace) is pleased to announce the opening of a new Trace satellite office in Didsbury, Alberta.

Kirk Elliott, Partner and Environmental Scientist at Trace, has been commuting from Didsbury to the Calgary office for the past five years. He wanted to spend more time with family and less time driving to and from work. Kirk approached us regarding opening a satellite office closer to home, and the decision to do so was an easy one.

“When Rhonda and I started Trace, we wanted to build a company that encourages and facilitates people working from where they want to live,” says Haight. “Over 30% of our staff have flexible working arrangements whether that is modified hours, working from home, or working from a satellite office. I’m very proud to see our company help people achieve work / life balance.”

### About Trace Associates Inc.

Founded in 2006, Trace is a 100% employee-owned environmental consulting firm serving Western and Northern Canada. Trace’s team of energetic professionals is capable of managing and efficiently completing all types of projects. We take pride in our enthusiasm, focus on safety, and client responsiveness.

Trace provides environmental consulting services to oil and gas, real estate, development, government, forestry, mining, and industrial clients during all stages of the project life cycle (planning, construction, operation, decommissioning, and redevelopment).
