St. Albert Community Leadership Award

Trace Associates Inc. (Trace) invests in our communities, both personal and professional. We are proud to support initiatives and programs that improve the quality of life in our communities. This year we are pleased to announce that Trace helped create and will sponsor the Community Leadership Award for the St. Albert & District Chamber of Commerce 2014 Small Business Awards.

The Community Leadership Award will be awarded to an independent organization that has proven itself to be a community leader in the City of St. Albert. Successful nominees must make outstanding contributions and show commitment to making St. Albert a wonderful place to live and work. The businesses will be judged on family wellness; health, safety, and environment; and community enhancement. The winner will be announced on Thursday, October 16, 2014.

The nominees this year include Leading Edge Physiotherapy, Sarasota Homes, and Sparklean Restorations. "Trace is happy to assist the Chamber in creating this new award for community leadership," says Trace President and CEO Darrell Haight. "We believe it is important to be active in our communities and celebrate other businesses who contribute to their communities. Congratulations to the nominees of this inaugural award."

About Trace Associates Inc.

Founded in 2006, Trace is a 100% employee-owned environmental consulting firm serving Western and Northern Canada. Trace's team of energetic professionals is capable of managing and efficiently completing all types of projects. Our core values are simple and guide everything we do: safety, excellence, and balance.

Trace provides environmental consulting services to energy, mining, industrial, forestry, real estate, development, and government clients during all stages of the project life cycle (planning, construction, operation, decommissioning, and redevelopment). Our operations are located in Alberta (Calgary, Edmonton, Lethbridge, and Stettler), Saskatchewan (Saskatoon), and British Columbia (Kelowna).
