Your Challenge

Agricultural development projects require experts that know the challenges that landowners face. You may be looking to ensure regulatory compliance, start or expand an existing operation, or minimize your environmental impact. Whatever your challenge, we're here to help.

Your Solution

Retain a firm with registered professionals you can trust, a firm that will help you make decisions that work for you. Our goal is to help you understand your challenge and work with you to find the right solution.

Your Team

Trace Associates Inc. (Trace) is an experienced and leading firm in providing environmental consulting services throughout Western and Northern Canada. We possess an energetic team of professionals; many of which are landowners, farmers, and ranchers. We take pride in our focus on safety, passion, and client responsiveness.

Our Clients

At Trace, we want to work with the best – that's where you come in. Our clients love what they do, just like us. Whatever your operation, Trace will work with you to meet regulatory compliance at a reasonable cost.
