## Your Challenge

Energy projects need experts that can be smart, responsive, and efficient. You may be looking to ensure regulatory compliance, respond to a spill, address stakeholder concerns, plan a project, or outsource the assessment, remediation, and reclamation of your properties. Whatever your challenge, we're here to help.

## Your Solution

Retain a firm with registered professionals you can trust and a firm that will help you make smart and cost effective decisions. Our goal is to help you understand your challenge and work with you to find the right solution.

## Your Team

Trace Associates Inc. (Trace) is an experienced and leading firm in providing environmental consulting services throughout Western and Northern Canada. We possess an energetic team of professionals capable of managing and efficiently completing all types of projects. We take pride in our focus on safety, passion, and client responsiveness.

## Our Clients

At Trace, we want to work with the best – that's where you come in. Our energy clients range from small oil and gas producers to major, international energy companies. Whatever your size, Trace will work with you to meet or exceed regulatory compliance requirements and to ensure you're meeting your environmental goals.
