Your Challenge

Projects require technology that improves efficiency and quality and saves money. You may be looking to analyze and model trends, delineate liability areas, or evaluate proximity to receptors. Whatever your challenge, we're here to help.

Your Solution

Retain a firm with creative professionals you can trust, a firm that will simplify your information management and GIS so it works for you, not against you. Our goal is to understand your challenge and work with you to find the right solution.

Your Team

Trace Associates Inc. (Trace) is an experienced and leading firm in providing consulting services throughout Western and Northern Canada. We possess an energetic team of professionals; many of which are owners in the firm. We take pride in our safety, passion, and client responsiveness.

Our Clients

At Trace, we want to work with the best – that's where you come in. Our clients love what they do, just like us. Whatever your project, Trace will work with you to meet your needs at a reasonable cost.
