Your Challenge

Midstream owners, operators, and contractors need timely value added support from consultants who understand the pipeline business. You may be looking for turnkey environmental support for your project or asset; or assistance with a specific aspect like planning, regulatory applications, compliance, surveys, inspection, monitoring, spill response, or close-out. Whatever your challenge, we're here to help.

Your Solution

Retain a firm with registered professionals that know your business and speak your language. Our team can be trusted to make smart, cost effective decisions; and develop timely, creative solutions to overcome your challenges.

Your Team

Trace Associates Inc. (Trace) is an experienced and leading firm in providing environmental consulting services throughout Western and Northern Canada. We possess an energetic team of professionals that care about their work. We take pride in our safety leadership, passion, and desire to be the best.

Our Clients

At Trace, we want to work with the best – that's where you come in. Our midstream clients range from small midstream companies to major, international corporations. Whatever your size, Trace will work with you to help you have a great life at work and to ensure you're meeting your environmental, social, and financial goals.
